Background

The Division supports the provision of off-campus education opportunities through school and community partnerships to help students acquire knowledge, skills and attitudes and gain practical experience related to life skills and career opportunities.

Definitions

Off-campus Education includes Work Study, Workplace Readiness/Practicum, Work Experience, the Registered Apprenticeship Program, the Green Certificate Program and Career Internship. Refer to Government of [Alberta Off-Campus Education Handbook](#) for detailed definitions.

Procedures

1. All staff must adhere to the procedures and guidelines as defined and delineated in the [Alberta Off-Campus Education Handbook](#).
2. Off-campus education shall include an in-school job orientation and debriefing component to facilitate the development of knowledge, skills and attitudes that students must acquire in order to enter, adjust and advance in a career.
 - 2.1 All off-campus courses require students to complete a prerequisite safety course as outlined in the [Alberta Off-Campus Education Handbook](#).
3. Students shall comply with the requirements under the Employment Standards Code in order to participate in work experience education.
4. Off-campus education shall be carried out under the local supervision and guidance of a certified teacher employed by the school authority.
5. Off-campus education shall be evaluated by the off-campus coordinator. The means of evaluation shall be conveyed to the student and the employer as approved by the Principal.
6. The off-campus coordinator, together with the employer, shall specify learner expectations, except for the Registered Apprenticeship Program and the Green Certificate Program, for each student in consultation with the student and employer.
7. The off-campus coordinator shall determine that a work site/station is acceptable. An approved work station or work site must meet the criteria outlined in the [Alberta Off-Campus Education Handbook](#).
